

Conflicts and Synergies in MSP – BONUS BASMATI Workshop organised by Nordregio, Stockholm 20 September

This one-day workshop on Conflicts and Synergies is meant to come to a shared understanding on different types of conflicts and synergies in MSP, prepare input into the D 2.2. Report on Conflicts and Synergies in MSP, and specifically to jointly develop sound input from each case study into the report. Project partners will work closely together to identify conflicts / obstacles and synergies and solutions that (might) emerge / can be identified in the 3 case studies. They will also explore ways of including governance analysis and marine stakeholders (authorities and users) into practical case study work. Case studies are asked to fill in a template on conflicts / obstacles and synergies identified or possibly emerging in their case study. During the workshop, Nordregio together with representatives from each case, will go through the template and develop the case chapters dealing with potential conflicts, synergies and solutions. In addition to that, invited MSP planners will give concrete examples on conflicts and synergies and explain some of the tools and methods they developed and applied to come to solutions. An invited expert speaker from the ICES WK on Conflicts Synergies in MSP will round up the program.

Workshop Schedule 20.9.		
10:00	1. Opening Presenting purposes of the workshop and how its results will be processed further and as part of BONUS Basmati D2.2. Introduction of guests	Nordregio
10:15	2. From Conflicts to Solutions in MSP – Practical examples from and tools used in the Southwest Baltic Sea <i>Some contents: Matrix of overlapping interests, EBA checklist</i> 30 minutes presentation followed by discussions	Susanne Gustafsson, Swedish Agency for Marine & Water Management & Pan Baltic Scope project
11:00	3. Conflicts and Synergies in MSP – Focus beyond the BSR <i>The MUSES approach: Exploring Multi-Use Potentials in the Mediterranean Sea</i> 30 minutes presentation on conflict management, conflicts and synergies with reflections from the MUSES project. Followed by discussions	Daniel Depellegrin Italian National Research Council – Institute of Marine Sciences
11:45	Lunch at Restaurant Moderna	
12:45	4. Conflicts and Synergies in the BSR – Findings from the BONUS Basmati project: Presenting the draft scoping report (D 2.2) 30 minutes presentation followed by discussions	Nordregio

Workshop Schedule 20.9.		
13:30	5. Conflicts & Synergies in BONUS Basmati Case Studies – What have we learned so far – what do we need to deepen: <i>a) Pan-Baltic Case</i> <i>b) Latvian Case</i> <i>c) Aquaculture Case</i> 15 minutes presentations based on the pre-filled template. Each CS plus 15 minutes discussions overall. No stress. Look at point 8 😊	1 representative from each CS
14:30	7. FIKA	
15:00	8. Working Groups Each case works on the conflict & synergies template / chapter for D 2.2. Stocktaking of stakeholder integration / mobilisation and further needs in the CS regarding WP2.	ALL CS Assistance provided by WP 2 / Nordregio
16:30	9. Reporting from Groups Summing up what have we learned and what are the next steps to work with Conflicts & Synergies in the cases – short statements from CS leaders	ALL – see above
16:45	9. Concluding the day How the material will be used and what are the next steps in writing / finalising the report	Nordregio
17:00	End of Workshop
